Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	1. Na ⁺ /K ⁺ -ATPase Drives Most Asymmetric Transports and Modulates the Phenotype of Epithelial Cells -- 2. Na ⁺ -K ⁺ -2Cl ⁻ Cotransporter -- 3. Thiazide-sensitive NaCl Cotransporter -- 4. NBCe1, an Electrogenic Na ⁺ Bicarbonate Cotransporter, in Epithelia -- 5. Na ⁺ /H ⁺ Exchangers in Epithelia -- 6. Sugar Transport Across Epithelia -- 7. Amino Acid Transporters of Epithelia -- 8. Structure-Dynamic and Regulatory Specificities of Epithelial Na ⁺ /Ca ²⁺ Exchangers (NCX) -- 9. Urea Transporters in Health and Disease -- 10. H,K-ATPases in Epithelia -- 11. Zinc Transporters Involved in Vectorial Zinc Transport in Intestinal Epithelial Cells -- 12. Properties, Structure and Function of the Solute Carrier 26 Family of Anion Transporters -- 13. ClC-2 Chloride Channels -- 14. The Role of the Endosomal Chloride/Proton Antiporter ClC-5 in Proximal Tubule Endocytosis and Kidney Physiology -- 15. CFTR and Cystic Fibrosis: A Need for Personalized Medicine -- 16. Molecular Physiology and Pharmacology of the Cystic Fibrosis Transmembrane Conductance Regulator -- 17. TMEM16 Proteins (Anoctamins) in Epithelia -- 18. Epithelial Sodium Channels (ENaC) -- 19. ROMK and Bartter Syndrome Type 2 -- 20. Inwardly-rectifying K ⁺

channel 4.1 regulates renal K⁺ excretion in the aldosterone-sensitive distal nephron -- 21. Small-molecule Pharmacology of Epithelial Inward Rectifier Potassium Channels -- 22. KCa_{3.1} in Epithelia -- 23. BK Channels in Epithelia -- 24. Recent Developments in the Pharmacology of Epithelial Ca²⁺-Activated K⁺ channels -- 25. KCNE regulation of KCNQ channels -- 26. Orai Channels -- 27. Trp Channels in Renal Epithelia -- 28. P2X receptors in Epithelia -- 29. The Polycystins and Polycystic Kidney Disease -- 30. Renal Aquaporins in Health and Disease.

Sommario/riassunto

This book discusses unique ion channels and transporters that are located within epithelial tissues of various organs including the kidney, intestine, pancreas and respiratory tract. The authors will show, that each of these channels and transporters play crucial roles in transepithelial ion and fluid transport across epithelia and their responsibility in maintaining homeostasis. The reader gains an understanding of the fundamentals of epithelial ion transport, in terms of function, modelling, regulation, trafficking, structure and pharmacology. This is the third of three volumes highlighting the importance of epithelial ion channels and transporters in basic physiology and pathophysiology of human diseases. The focus of this volume lies with different ion channel and transporter families. Additionally, this volume benefits from pharmaceutical contributors and their insights into recent pre-clinical drug discovery efforts and results from clinical trials. Overall, these chapters offer a more thorough coverage of individual epithelial ion channels and transporters from the 1st Edition, along with eleven new chapters. That makes Volume 3 an insightful contribution for physiology students, scientists and clinicians.

Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	General legal aspects of MERCOSUR -- Specific and emerging issues.
Sommario/riassunto	"The Law of MERCOSUR presents both an overview and in-depth analysis of one of the world's most important and increasingly influential economic organisations. The book comprises both a series of first-hand analyses of MERCOSUR by experts from countries in the MERCOSUR bloc, and also discussions from other parts of the world looking at MERCOSUR as global actor of ever-increasing importance. The book is divided into three main parts: the first analyses the key institutional legal aspects of MERCOSUR, looking at its history, the general theory of economic integration, and basic aspects relating to the functioning of MERCOSUR; the second examines specialised topics, including the regulation of the environment, human rights and the energy market in MERCOSUR; and in the third part the editors offer a translation of core MERCOSUR instruments, with the objective of furthering understanding of the economic bloc. Original in its conception, the book aims to fill a major gap in the English-language literature by offering a comprehensive and in-depth analysis of the Law of MERCOSUR, and it is hoped that it will become essential reading for those practitioners and academics who are interested not only in

MERCOSUR, but in economic integration generally, in international trade, and in the regional aspects of the phenomenon of globalisation."

Sommario/riassunto	"Examines the role of food in the construction of the Jewish nation, using food from field to table as a lens through which to understand Israeli history, society, and politics"-- "When people discuss food in Israel, their debates ask politically charged questions: Who has the right to falafel? Whose hummus is better? But Yael Raviv's Falafel Nation moves beyond the simply territorial to divulge the role food plays in the Jewish nation. She ponders the power struggles, moral dilemmas, and religious and ideological affiliations of the different ethnic groups that make up the "Jewish State" and how they relate to the gastronomy of the region. How do we interpret the recent upsurge in the Israeli culinary scene--

the transition from ideological asceticism to the current deluge of fine restaurants, gourmet stores, and related publications and media? Focusing on the period between the 1905 immigration wave and the Six-Day War in 1967, Raviv explores foodways from the field, factory, market, and kitchen to the table. She incorporates the role of women, ethnic groups, and different generations into the story of Zionism and offers new assertions from a secular-foodie perspective on the relationship between Jewish religion and Jewish nationalism. A study of the changes in food practices and in attitudes toward food and cooking, Falafel Nation explains how the change in the relationship between Israelis and their food mirrors the search for a definition of modern Jewish nationalism. "--
