Sommario/riassunto	A collection of essays embracing nonfiction from memoir and biography to travel writing and natural history, Interior Places offers a curiously detailed group photograph of the Midwest's interior landscape. Here is an essay about the origin, history, and influence of corn. Here we find an exploration of a childhood meeting with Frederick Leopold, youngest brother of the great naturalist Aldo. Here

also are a chronicle of the 146-year alliance between Burlington, Iowa, and the Burlington Route (later the CB&O, the BN, and finally, the BNSF) and a pilgrimage to Amelia Earhart's Kansas hometown.
