Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover; Copy Right; SERIES PREFACE; ABOUT THE EDITORS AND CONTRIBUTORS; FOREWORD; Introduction: Jorge Canestri and Leticia Glocer Fiorini; CHAPTER ONE: From the ignorance of time to the murder of time. From the murder of time to the misrecognition of temporality in psychoanalysis; CHAPTER TWO: A problem with Freud's idea of the timelessness of the unconscious; CHAPTER THREE: Why did Orpheus look back?; CHAPTER FOUR: Unconscious memory from a twin perspective: subjective time and the mental sphere0; CHAPTER FIVE: The time of the past, the time of the right moment1 CHAPTER SIX: The impact of the time experience on the psychoanalysis of children and adolescents2CHAPTER SEVEN: Time and the end of analysis3; CHAPTER EIGHT: The first narrative, or in search of the dead father4; CHAPTER NINE: The destruction of time in pathological narcissism5; CHAPTER TEN: Hindu concepts of time6
Sommario/riassunto	<![CDATA[In This book's hypothesis is that psychoanalysis revolutionizes the common conception of time, similar to the revolution

in physics. While it does not ignore the 'psychological time arrow' no doubt distinguishing past, present and future, psychoanalysis reveals that in analytic experience, time acquires diverse formations in which these distinctions become more complex and fade until they take the shape of what Andre Green, in a felicitous expression, calls 'le temps eclate' ['exploded time']. In contemporary psychoanalysis, the concepts of time and history have become increasingly co

| Nota di contenuto | Preface -- Acknowledgements -- Putting the threads together -- On the social practice of indirect reports -- On the (complicated) relationship between direct and indirect reports -- Indirect reports as language games -- Indirect reports and footing -- Reporting non-serious speech -- Indirect reports and slurring -- Indirectly reporting and translating slurring utterances -- Belief reports and pragmatic intrusion (the case of null appositives) -- The pragmatics of attitudes 'de se' -- Consequences of the pragmatics of 'de se' -- Impure 'de se' thoughts and pragmatics (and how this is relevant to pragmatics and IEM) -- Attributions of propositional attitude and pragmatic intrusion -- Simple sentences, substitution and embedding explicatures (the |

case of implicit indirect reports) -- General Conclusion.

Sommario/riassunto	This monograph on indirect reports offers insights on the semantics/pragmatics interface and a refinement of the notion of explicature. The volume is written in an engaging style and guides the reader through the theoretical problems and their ramifications. The thorniest problem in the study of indirect reports is their polyphonic nature, and how the listener distinguishes between the reporter's voice and the original speaker's voice, either by contextual clues or, in the absence of such clues, by resorting to pragmatic principles. The introductory chapter discusses the main issues that will be addressed in the volume. The next chapters focus on the various aspects of indirect reports, covering both theory and practical applications. .
