| Sommario/riassunto | As the fiftieth anniversary of Israeli statehood approaches, along with the commemoration of the hundredth anniversary of the World Zionist Organization, the question of what is meant by a "Jewish" state is |

particularly timely. Alan Dowty takes on that question in a book that is admirable for its clarity and its comprehensive interpretation of the historical roots and contemporary functioning of Israel. Israeli nationhood, democracy, and politics did not unfold in a social or political vacuum, but developed from power-sharing practices in pre-state Jewish communities in Palestine and in Eastern Europe. Dowty elucidates the broad cluster of cultural, historical, and ideological tenets which came to comprise Israel's contemporary political system. He demonstrates that such tenets were not arbitrary but in fact developed logically from Jewish political habits and the circumstances of time. Dowty illustrates how these traditions are balanced with those of ideology and modernization, and he provides an integrated, sophisticated analysis of the Israeli nation's formation and present state. Dowty also proposes thoughtful answers to puzzles regarding the strengths and weaknesses of Israeli democracy in responding to the challenges of communal divisions, religious contention, the country's non-Jewish minority, and accommodation with the Palestinians. The Jewish State will be invaluable for anyone looking for that one book that gives an intelligent overview of both Israel today and of its origins.

Wood -- Intersubjectivity and the communalty of our final end in Fichte's Vocation of man / Kien-How Goh -- Evil and moral responsibility in the Vocation of man / Jane Dryden -- Jumping the transcendental shark : Fichte's "Argument of belief" in Book II of die Bestimmung des Menschen and the transition from the earlier to the |

later Wissenschaftslehre / Daniel Breazeale -- Determination and freedom in Kant and in Fichte's *Bestimmung des Menschen* / Angelica Nuzzo -- There is in nature an original thinking power, just as there is an original formative power : on a claim from Book one of the *Vocation of man* / Violetta L. Waibel -- Erkenntnis and interesse : Schelling's system of transcendental idealism and Fichte's *Vocation of man* / Michael Vater -- Faith and knowledge and *Vocation of man* : a comparison between Hegel and Fichte / Marco Ivaldo -- The vocation of postmodern man : why Fichte now? again? / Arnold Farr.

Sommario/riassunto

Written for a general audience during a period of intense controversy in the German philosophical community, J. G. Fichte's short book *The Vocation of Man* (1800) is both an introduction to and a defense of his philosophical system, and is one of the best-known contributions to German Idealism. This collection of new essays reflects a wide and instructive variety of philosophical and hermeneutic approaches, which combine to cast new light upon Fichte's familiar text. The contributors highlight some of the overlooked complexities and implications of *The Vocation of Man* and situate it firmly within the intellectual context within which it was originally written, relating it to the positions of Kant, Hegel, Schelling, Schlegel, Jacobi, and others. In addition, the essays relate the text to issues of contemporary concern such as the limits of language, the character of rational agency, the problem of evil, the relation of theoretical knowledge to practical belief, and the dialectic of judgment.
