|    | Sommario/riassunto      | "Humans have been fascinated by merpeople since ancient times. From the sirens of Homer's Odyssey to Hans Christian Andersen's The Little                                |

Mermaid and the film *Splash* (1984), myths, stories, and legends of half-human, half-fish creatures abound. In *Merpeople: A Human History*, Vaughn Scribner traces the long history of mermaids and mermen, taking in a wide variety of sources and using 117 striking images. From film to philosophy, church halls to coffee houses, ancient myth to modern science, Scribner shows that mermaids are--and always have been--everywhere."--book jacket.
