Sommario/riassunto

A comprehensive guide to alternative investments that reveals today's latest research and strategies Historically low interest rates and bear markets in world stock markets have generated intense interest in alternative investments. With returns in traditional investment vehicles relatively low, many professional investors view alternative investments as a means of meeting their return objectives. Alternative Investments: Instruments, Performance, Benchmarks, and Strategies, can put you in a better position to achieve this difficult goal. Part of the Robert W. Kolb Series in
