| Note generali | "Let the world now judge if His Majesty could have sent a more gracious message to His most loyall subjects, and whether these desperate rebels deserve any mercy, who after so many offers doe still refuse a pardon. But since their returning this rebellious answer, they have set their own suburbs on fire, which surely is not to keep the city either for the King or Parliament."
Imperfect: folded, with very slight loss of print.
Reproduction of original in the Bodleian Library. |
