

1. Record Nr.	UNINA990008006380403321
Autore	Shaw, Pamela-Jane
Titolo	Discrepancies in Olympiad dating and chronological problems of archaic Peloponnesian history / Pamela-Jane Shaw
Pubbl/distr/stampa	Stuttgart : Franz Steiner, c2003
ISBN	3-515-08174-7
Descrizione fisica	304 p. : ill. ; 24 cm + 1 c. di tav. ripieg. in tasca
Collana	Historia : zeitschrift für Alte Geschichte , Einzelschriften ; 166
Disciplina	938.02
Locazione	FLFBC FGBC
Collocazione	938.02 SHA 1 XXI A 710 (166)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia

2. Record Nr.	UNINA9910598036803321
Titolo	Effects of Mycotoxins on the Intestine // edited by Imourana Alassane-Kpembi, Isabelle P. Oswald and Philippe Pinton
Pubbl/distr/stampa	Basel, Switzerland : , : MDPI - Multidisciplinary Digital Publishing Institute, , 2019
Descrizione fisica	1 online resource (249 pages)
Disciplina	615.95295
Soggetti	Intestines - Diseases Mycotoxins
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	<p>Mycotoxins are secondary metabolites produced by several fungal species. They can contaminate human food and animal feed, and have been a threat for thousands of years. The gastrointestinal tract is the first target when ingesting mycotoxin-contaminated food or feed. As unlikely as it sounds, the investigations concerning the effects of mycotoxins on the intestine are still in their early stages. This book gathers the most recent advances related to the characterization of the intestinal toxicity of mycotoxins. Substantial data assembled on the damage caused to a number of histological structures and functions of the intestine remove any remaining doubt about this organ being a primary target for the toxicity of mycotoxins. An interesting overview of the detrimental effects of mycotoxins on the gut-hosted microbiota - now regarded as a fully-fledged organ associated with the gut - is also given. Finally, outstanding contributions in this book address questions relating to the suitability of current regulations to protect against alterations of the intestine, and to the efficacy assessment of new detoxification strategies using the intestinal toxicity of mycotoxins as a relevant endpoint.</p>

3. Record Nr.	UNISALENTO991002946729707536
Autore	Townsend, Donna
Titolo	Fatti : livello 1 / Donna Townsend
Pubbl/distr/stampa	Trento : Erickson, 1992
ISBN	8879460390
Edizione	[2. ed.]
Descrizione fisica	64 p. ; 24 cm.
Collana	Materiali di recupero e sostegno Recupero e sostegno linguistico
Disciplina	371
Soggetti	Insegnamento - Didattica
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Trad. di Riccardo Mazzeo. Tit.orig.: Facts.
