Shultz; Summary of the Commentary - Simon Hilpert; Glossary; Contributors; Index
Sommario/riassunto	The financial crisis of 2008 devastated the American economy and caused U.S. policymakers to rethink their approaches to major financial crises. More than five years have passed since the collapse of Lehman Brothers, but questions still persist about the best ways to avoid and respond to future financial crises. In Across the Great Divide, a copublication with Brookings Institution, contributing economic and legal scholars from academia, industry, and government analyze the financial crisis of 2008, from its causes and effects on the U.S. economy to the way ahead. The expert contributors consi
