In the Wake of Violent Rituals; Selected Bibliography; Index
About the Author

Sommario/riassunto

In *The Sacred Monstrous* author Wendy Hamblet traces the historical and social fact of violence through the work of Girard, Bloch, Lorenz and Burket. She takes up the charge advanced by social theorists, anthropologists and others that violence is steeped in our being; it pervades our generations and is imbedded in the ethos of our modern institutions. Hamblet's discussion of human history re-frames our understanding of how violence works in history and society. *The Sacred Monstrous* is a salient work of continentally informed philosophy that contributes significantly to any discussion of violence.
