Sommario/riassunto	In what ways do health behaviors and societal mechanisms help or discourage individuals in assuming responsibility for their health? Highly-esteemed and diverse contributors examine the health behaviors of older adults and the ways in which these behaviors are affected by societal trends. The volume begins with a discussion of the personal attributes affecting health behaviors and responsible health care choices in older adults. Additional topics explored include: Psychosocial factors in the prevention of cardiovascular disease; behavioral interventions such as the role of exercise in preventi
