Nota di contenuto

Justice and the cosmic order in Greek mythology -- Justice and punishment in Greek tragedy -- Honor and shame in the heroic worldview -- Justice and punishment in classical Athens -- From avenging to healing -- Shame as witness to education -- Plato's revolutionary penology -- The science of penal measure -- Toward a Christian philosophy of punishment -- From karitas to penal spectacle -- The business of punishment -- Modernity's shameful penology -- Shame, social injustice, and the poor's right to crime.

Sommario/riassunto

Punishment and Shame: A Philosophical Study reveals the economic and religious underpinnings to modern notions of crime and punishment. Contra Michel Foucault's claim that modern penal practices witness a revolution in Western moral sensibilities, awakened by Enlightenment ideals, Hamblet shows that punishment practices in the West grew out of Protestant moralizations, capitalist greed, and the need for a cheap labor pool.
