Sommario/riassunto	Cutting across the fields of psychology, management, education, counseling, social work, and sociology, The Blackwell Handbook of Mentoring reveals an innovative, multi-disciplinary approach to the practice and theory of mentoring. Provides a complete, multi-disciplinary look at the practice and theory of mentoring and demonstrates its advantages Brings together, for the first time, expert researchers from the three primary areas of mentoring: workplace,

academy, and community Leading scholars provide critical analysis on  
important literature concerning th
