Nota di contenuto	Introduction -- Gendered innocence : the concept of the civilian in international society -- Implementing the civilian immunity norm -- Advocating for civilians -- Protecting civilians in conflict zones -- Conclusion.
Sommario/riassunto	This ground-breaking study examines the influence of gender constructs on the international regime protecting war-affected civilians. R. Charli Carpenter argues that to understand the way in which laws of war are implemented and promoted in international society we must first understand how gender ideas affect and

ultimately undermine the principle of civilian immunity.
