Sommario/riassunto

In her latest book, Dr. Louise Kaplan, author of the groundbreaking *Female Perversions*, explores the fetishism strategy, a psychological defense that aims to tame, subdue, and if necessary, murder human vitalities. Through an exploration of such cultural phenomena as footbinding, reality television, and the construction of robots, Kaplan demonstrates how, in a technology-driven world, an understanding of the fetishism strategy can help to preserve the human dialogue that is the basis of all human relationships. Kaplan writes from the heart as well as from the intellect.

Sommario/riassunto

Selbstbestimmung geht über die Überwindung bzw. Abwesenheit von äußerem Zwang hinaus. Sie erfordert positives Bewusstsein über Möglichkeiten eigenen Handelns mit einem Spektrum von Anpassung bis Ausbruch. Geschlechtliche Selbstbestimmung schließt Abweichung, Veränderung und Deutungshoheit über körperliche Geschlechtsmerkmale ein. Im vorliegenden Buch wird »Selbstbestimmung« im sexualwissenschaftlichen Diskurs aus akademischer und aktivistischer Perspektive betrachtet. Die Beiträge beleuchten Aspekte von Inter- und Transsexualität, Asexualität, Sexualität unter Haftbedingungen, im Kontext von Behinderung sowie außerhalb heterosexueller Paarbeziehungen. In ihrer Vielfalt sind die Beiträge Zeitzeugnis, geben zugleich einen Ausblick auf die Zukunft und tragen dazu bei, gängige Denkschablonen zu überwinden. Mit Beiträgen von Anne Allex, Markus Bauer, Heike Bödeker, Jens Borchert, Diana Demiel, Andreas Hechler, Michaela Katzer, Torsten Klemm, Katja Krolzik-Matthei, Anja Kruber, Alina Mertens, Andrzej Profus, Nadine Schlag, Heino Stöver, Manuela Tillmanns, Daniela Truffer, Heinz-Jürgen Voß und Marlen Weller-Menzel

Self-Determination in Gender, Sexuality and Reproduction: Practical approaches Living self-determinedly takes more than overcoming external coercive forces or simply the absence of coercion. It takes a positive consciousness of one's actions, with a possible range from conformation to escape. Gender self-determination includes difference, change and sovereignty over the interpretation of physical sexual characteristics. The anthology looks at »self-determination« from academic as well as activist points of view. The texts examine aspects of inter- and transsexuality, asexuality, sexuality under the condition of detention, in the context of disabilities, as well as sexuality outside heterosexual couples. In their variety, the texts are witnesses of the present, provide an outlook to the future and help to overcome trite thought patterns. The anthology includes texts by Anne Allex, Markus Bauer, Heike Bödeker, Jens Borchert, Diana Demiel, Andreas Hechler, Michaela Katzer, Torsten Klemm, Katja Krolzik-Matthei, Anja Kruber, Alina Mertens, Andrzej Profus, Nadine Schlag, Heino Stöver, Manuela Tillmanns, Daniela Truffer, Heinz-Jürgen Voß and Marlen Weller-Menzel.
