Sommario/riassunto	Catherine Hogarth, who came from a cultured Scots family, married Charles Dickens in 1836, the same year he began serializing his first novel. Together they traveled widely, entertained frequently, and raised ten children. In 1858, the celebrated writer pressured Catherine to leave their home, unjustly alleging that she was mentally disordered-

unfit and unloved as wife and mother. Constructing a plotline nearly as powerful as his stories of Scrooge and Little Nell, Dickens created the image of his wife as a depressed and uninteresting figure, using two of her three sisters against her, by measuring her presumed weaknesses against their strengths. This self-serving fiction is still widely accepted. In the first comprehensive biography of Catherine Dickens, Lillian Nayder debunks this tale in retelling it, wresting away from the famous novelist the power to shape his wife's story. Nayder demonstrates that the Dickenses' marriage was long a happy one; more important, she shows that the figure we know only as "Mrs. Charles Dickens" was also a daughter, sister, and friend, a loving mother and grandmother, a capable household manager, and an intelligent person whose company was valued and sought by a wide circle of women and men. Making use of the Dickenses' banking records and legal papers as well as their correspondence with friends and family members, Nayder challenges the long-standing view of Catherine Dickens and offers unparalleled insights into the relations among the four Hogarth sisters, reclaiming those cherished by the famous novelist as Catherine's own and illuminating her special bond with her youngest sister, Helen, her staunchest ally during the marital breakdown. Drawing on little-known, unpublished material and forcing Catherine's husband from center stage, *The Other Dickens* revolutionizes our perception of the Dickens family dynamic, illuminates the legal and emotional ambiguities of Catherine's position as a "single" wife, and deepens our understanding of what it meant to be a woman in the Victorian age.

Sommario/riassunto

This volume contains not only the complete verbatim transcript of the testimony given before the Senate Judiciary Committee on October 11, 12 and 13, 1991, but, as Nina Totenberg points out in her preface, "the important exhibits that were submitted - affidavits aimed at discrediting Hill, and the sworn testimony of the so-called "other woman," Angela Wright, who had worked for Thomas and, like Hill, claimed he made lewd and inappropriate remarks to her." Wright herself was never called to testify before the cameras. But she did give telephone testimony to the committee staff - as did her
