Nota di bibliografia

Includes bibliographical references and index.

Nota di contenuto

The Haemophilic Joints New Perspectives; Contents; Contributors; Preface; Part 1: General principles; 1. Orthopaedic surgery for persons with haemophilia: general principles; 2. Pathogenesis of haemophilic synovitis and arthropathy; 3. Haemophilic haemarthrosis; 4. Haematological substitutive treatment of haemophilic haemarthroses; 5. Diagnosis by imaging of haemophilic joints; 6. Sonography of haemophilic joints; 7. Musculoskeletal outcomes research in haemophilia; 8. Joint evaluation instruments in haemophilia; 9. Joint surgery in patients with inhibitors
Part 2: Chronic haemophilic synovitis; 10. Multilevel surgery in a single operative session for persons with haemophilia: considerations in patients with multiple deformities; 11. Radioactive isotopes for radiosynoviorthesis; 12. Synoviorthesis in haemophilia; 13. Oxytetracycline clorhydrate as a new material for chemical synoviorthesis in haemophilia; 14. Arthroscopic synovectomy of the knee; Part 3: Moderate haemophilic arthropathy; 15. New concepts regarding articular cartilage preservation in persons with haemophilia; 16. Knee malalignments in haemophilia: osteotomies
17. Knee joint debridement in haemophilia; 18. Flexion contractures of the knee in haemophilia; 19. Flexion contracture of the ankle in haemophilia; Part 4: Severe haemophilic arthropathy; 20. Total hip replacement in the haemophilic patient; 21. Total knee replacement in the haemophilic patient; 22. Elbow arthropathy in patients with severe haemophilia; 23. Ankle arthrodesis in haemophilia; Part 5: Rehabilitation and physiotherapy; 24. Prevention and treatment of joint problems in children with haemophilia; 25. Rehabilitation and physiotherapy for adults with haemophilia
26. Rehabilitation following ankle surgery in haemophilia; Part 6: Miscellaneous; 27. Motion analysis in children with haemophilia; 28. The haemophilic shoulder; 29. Osteonecrosis of the femoral head in haemophilia; 30. Haemophilic arthropathy of the ankle; 31. Neurological lesions following musculoskeletal bleeding in haemophilia; 32. Osteophytes, subchondral cysts and intraosseous cysts of the haemophilic joints; 33. Haemophilic arthropathies: comparison between clinical, radiographical and subjective findings; Index

Sommario/riassunto

Edited by an orthopaedic surgeon who is a leading specialist in the treatment of the musculo-skeletal complications of haemophilia. The Haemophilic Joints: New Perspectives reviews the different protocols for the orthopaedic management of the haemophilic articulations. The book draws together, in a single volume, the more recent perspectives of all the orthopaedic methods that can be applied in the diagnosis and treatment of the haemophilic joints from numerous specialists worldwide.
