1. **Record Nr.** UNINA990009756960403321

   Autore Henderson, George

   Titolo Gothic / George Henderson

   Pubbl/distr/stampa Harmondsworth : Penguin Books, 1967

   Descrizione fisica 223 p. : ill. ; 20 cm

   Collana Style and civilization ; 15

   Locazione DARST
   FARBC

   Collocazione 05.146
   ART.FI A 63

   Lingua di pubblicazione Inglese

   Formato Materiale a stampa

   Livello bibliografico Monografia

2. **Record Nr.** UNINA9910699595803321

   Autore Capesius Joseph P

   Titolo Regional regression equations for estimation of natural streamflow statistics in Colorado [[electronic resource] /] / by Joseph P. Capesius and Verlin C. Stephens ; prepared in cooperation with the Colorado Water Conservation Board and the Colorado Department of Transportation

   Pubbl/distr/stampa Reston, Va. : , : U.S. Dept. of the Interior, U.S. Geological Survey, , 2009

   Descrizione fisica 1 online resource (iv, 46 pages) : illustrations, map

   Collana Scientific investigations report ; ; 2009-5136

   Altri autori (Persone) StephensVerlin C

   Soggetti Stream measurements - Colorado
   Streamflow - Colorado
   Regression analysis

   Lingua di pubblicazione Inglese

   Formato Materiale a stampa

   Livello bibliografico Monografia

   Note generali Title from PDF title screen (viewed on Dec. 9, 2010).

Nota di bibliografia	Includes bibliographical references (pages 29-31).
Nota di contenuto	Description of study area -- Previous studies -- Regional regression equations for estimation of natural streamflow statistics in Colorado -- Definition of hydrologic regions of Colorado -- Selection of stations -- Selection of stations for peak-streamflow statistics -- Selection of stations for other streamflow statistics -- Computation of streamflow statistics and basin and climatic characteristics -- Peak-streamflow frequency -- Annual- and monthly-mean streamflow and flow-duration curves -- Minimum and maximum 7-day streamflow -- Basin and climatic characteristics -- Computation of regional regression equations -- Generalized least-squares regression -- Weighted least-squares regression -- Discussion of selection of variables -- Application and limitations of regional regression equations.
