Sommario/riassunto	"There is no use in rage. There is no use in screaming. There is no use in crying out and screaming 'this is unfair', just wait, cause no one cares." In a world of globalization and greed, of zero-hour contracts and The Big Bang Theory, violence worms its way into every aspect of our lives. Following their debut show Nothing, multi award-winning young company Barrel Organ present Some People Talk About Violence. Expect people, or just ideas, in mindless frustration, on the edge of some kind of revolt.
