

1. Record Nr.	UNINA9910130838303321
Titolo	2014 3rd International Conference on Advanced Computer Science Applications and Technologies // Institute of Electrical and Electronics Engineers (IEEE) Staff
Pubbl/distr/stampa	Piscataway, New Jersey : , : Institute of Electrical and Electronics Engineers (IEEE), , 2014
ISBN	1-4799-1845-8
Descrizione fisica	1 online resource (xiii, 206 pages) : illustrations
Disciplina	371.3344678
Soggetti	Mobile communication systems in education Computer engineering Computer science
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	ACSAT2014 aims to provide a platform to promote scientific research in various fields associated with computer applications and technologies ACSAT2014 is the right venue to mix the science along with the industrial needs Researchers from different countries will have the occasion to present their research work and innovation in the fields of Computer Science and IT.
