Sommario/riassunto

This unique resource provides strengths-based, group counseling strategies designed to meet the needs of LGBTQI clients in a variety of settings. Drs. Goodrich and Luke capture the developmental concerns of LGBTQI individuals throughout the life cycle as they establish and maintain intimate relationships, create families, encounter career concerns, and navigate other milestones and transitions. Illustrative case examples and interventions throughout the text, as well as warnings and recommendations, make this an ideal resource for practice and group work courses. After a discussion of the h
