   Sommario/riassunto Usability Professionals Workshop deals with the practical applications
                      of human-machine interaction research. It is organized by the German
                      ACM specialty section of the UPA (Usability Professionals Association).
                      The volume presents the latest research findings through case studies
                      and practice reports along with in-depth discussions.
