Autore	Bartlett Ruth <1965->
Titolo	What is diary method? // by Ruth Bartlett and Christine Milligan
Pubbl/distr/stampa	London ; ; New York : , : Bloomsbury Academic, an imprint of Bloomsbury Publishing, Plc, , [2015]
ISBN	9781472572561 1472572564 9781472572554 1472572556 9781472572578 1472572572
Descrizione fisica	1 online resource (x, 114 pages)
Collana	What is? research methods series
Disciplina	001.42
Soggetti	Diaries - Authorship
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Cover -- Contents -- Series foreword -- 1 The development of diary techniques for research -- Introduction -- Differences between unsolicited and solicited diaries -- Solicited diaries as part of researcher's toolkit -- What insights are provided through diary method as a data source? -- Researching this book -- 2 Engaging with diary techniques -- Introduction -- Why use diary methods? -- From structured to unstructured approaches in solicited diary methods -- Using sensory and audiovisual approaches to diary recording -- Mixed methods approaches -- Engaging with diary techniques - what are the questions to consider? -- 3 Practical issues with diary techniques: Design and analysis -- Introduction -- Designing studies using diary techniques - what are the practicalities? -- Taking a structured, semi-structured or unstructured approach to diary design -- Issues of completion and submission of diary data -- Dealing with variation and missing data in diary completion -- Analysing diary data -- 4 The rise of technology and its influences on diary methods -- Introduction -- Technological trends in diary-based research -- Research areas where technologies are embraced or have potential application -- Questions

to consider before using technology -- Conclusion -- 5 Exploring issues of participation, control and ethics -- Introduction -- Using diary method in a participatory way: Building equitable relations -- The positive effects of diary keeping -- The negative effects of diary keeping -- Using diary method cautiously and flexibly with 'vulnerable' populations -- Ethical considerations with diary method -- Conclusion -- 6 Methodological issues and future directions -- Summarizing the strengths and limitations of diary techniques -- Addressing limitations -- Solicited diaries: Co-production and inclusive research -- The pedagogical landscape. Future directions -- Final remarks -- Notes -- References -- Index.

Sommario/riassunto

"This book provides an up-to-date, concise, and engaging introduction to solicited diary method, aimed at researchers and students who want to employ this methodology in their projects. Its primary focus is on the use of solicited diary method in the context of social and health-related research, but it also offers useful guidance on the everyday practice of diary keeping. The authors draw on published research that makes use of this method, including their own independent studies involving older adults and family carers. The book opens with an overview of the development of diary techniques and a discussion of the value of the method, and provides an overview of the different ways of collecting and using diary data and techniques for analysing it. Key ethical issues are sensitively discussed. The book engages with new and novel developments in solicited diary method by engaging with the use of technology including discussion of how digital devices, email exchanges, social media such as Facebook, weblogs and micro-blogging such as Twitter, have the potential to change the meaning and nature of diary-keeping. The book includes a variety of visuals to enhance understanding, including a tabulated summary of the main strengths and limitations of using diary method, and strategies for mitigating limitations."--Bloomsbury Publishing.
