Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Sommario/riassunto	The historic outskirts of Damascus which are the subject of this study have been and remain since 1979 at the heart of research carried out at Ifpo by the Old Damascus Program. They were also at the origin of the meticulous and reasoned analysis work carried out for more than ten years by Yves Roujon and Luc Vilan during their educational supervision of the "Damascus Workshop" at the Schools of Architecture of Versailles and of Belleville.
