Sommario/riassunto	The issue of sexist language has been hotly debated within feminist circles since the 1960s. Previous books have tended to regard sexism in language as easy to identify and have suggested solutions to overcome and counter sexism. Sara Mills takes a fresh and more critical look at sexism in language, and argues that even in feminist circles it has become a problematic concept. Drawing on conversational and textual data collected over the last ten years, and with reference to recent research carried out in a range of different academic disciplines, Mills suggests that there are two forms of sexism - overt and indirect. Overt sexism is clear and unambiguous, while indirect sexism is based on pragmatics and the meaning and interpretation of utterances. Indirect sexism is extremely common and we therefore need new ways to challenge and analyse its usage in language.

	Nota di contenuto	pt.1. The American Counseling Association code of ethics. The counseling relationship -- Confidentiality, privileged communication, and privacy -- Professional responsibility -- Relationships with other professionals -- Evaluation, assessment, and interpretation -- Supervision, training, and teaching -- Research and publication -- Resolving ethical issues. pt.2. Decision making and ethical practice in counseling. An ethical decision-making process for counselors -- Ethical issues regarding culture and diversity -- Confidentiality -- Exceptions to confidentiality -- Counseling suicidal clients -- Boundaries and multiple relationships in counseling -- Competence -- Supervision -- Managed care -- Termination and abandonment -- Responding to subpoenas and court orders, lawsuits, and ethics complaints.
	Sommario/riassunto	The second edition of this highly practical and easily understood handbook provides counselors and students with the means to quickly apply the 2014 ACA Code of Ethics to practice and to professional roles and activities. It contains on-point recommendations for each standard of the Code, a decision-making model, and a listing of ethics

resources. Part I presents each section of the Code, along with a brief commentary that emphasizes its most essential elements, common ethical dilemmas and problems relevant to that section, and specific strategies for risk prevention and positive practice. P
