

1. Record Nr.	UNINA9910132390003321
Titolo	2013 4th International Symposium on Electrical and Electronics Engineering (ISEEE) // IEEE
Pubbl/distr/stampa	Piscataway, NJ : , : IEEE, , 2013
ISBN	1-4799-2442-3
Descrizione fisica	1 online resource : illustrations
Disciplina	621.3
Soggetti	Electrical engineering Electronics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Annotation The symposium is intended as an international forum where an effective exchange of knowledge and experience amongst researchers active in various theoretical and applied areas of electrical and electronics engineering, power electronics and telecommunications, control systems and computational intelligence can take place The objective of the third symposium is oriented but not limited to the paradigm of interdependency between electrical and electronic systems The symposium will provide presentations on the latest trends, in depth knowledge about achieving the highest level of technology in the field The event will also provide a variety of workshops, discussions, and exhibitions to fully immerse the attendees in the Symposium pleasant atmosphere.
