

1. Record Nr.	UNINA9910132534303321
Titolo	2013 4th Annual International Conference on Energy Aware Computing Systems and Applications (ICEAC) / / Institute of Electrical and Electronics Engineers
Pubbl/distr/stampa	Piscataway, NJ : , : IEEE, , 2013
ISBN	1-4799-2543-8
Descrizione fisica	1 online resource
Disciplina	621.3916
Soggetti	Computers
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	The Fourth International Conference on Energy Aware Computing (ICEAC) is a premier conference for technical forum for presentation of advances in all aspects of energy efficient computing, including mobile systems and applications, MEMS technology and applications, circuits, wireless sensor networks, big data processing platforms and applications This year, the conference extends the theme to bring additional focus on applications that can benefit from energy aware computing Submitted papers must represent original work, not announced, published, or presented before There will be a session for MS PhD thesis work in progress in the related areas.
