| Sommario/riassunto      | <p>Le renouveau ethnique dans une societe plurale - le Canada - a comme points d'ancrage: a question nationale au Quebec, la resistance autochtone a la deterritorialisation, l'affirmation de la memoire immigree. Au Quebec, la reflexion academique sur les ethniques et demeuree peripherique sinon decentree par la question nationale. Dans cet essai, des interrogations et des jalons de reponses sont esquissees afin d'expliquer ce silence des sciences sociales sur un pan de l'histoire quebecoise qui se fait sous nos yeux.</p> <p>Ethnic renewal in a plural society such as Canada shows particular features: the national question in Quebec, the native resistance to land dispossession and the affirmation of immigrant memories. In Quebec, scholarly research on ethnicity and ethnic relations was until recently a peripheral issue to the national question. In this article, the author tries to explain how and why social scientists have neglected the study of an historical set of relations of Quebec society: biographies and memories of immigrants.</p> |
