Sommario/riassunto	How do young people from immigrant families become engaged in politics? Anja Schmidt-Kleinert examines the case of young Israelis who are actively engaged with the nationalist Yisra'el Beitenu party, led by the Israeli minister of defence, Avigdor Lieberman. She explores how

the activists present Israeli citizenship in a way that is exclusionary to non-Jewish citizens and analyses their strategy to actively construct a sense of belonging to Israeli society or, more precisely, to the Jewish collective by (re-)producing the ethno-nationalist discourse.

Sommario/riassunto Explains the role of reactive intermediates in biological systems as well as in environmental remediation. With its clear and systematic approach, this book examined the broad range of reactive intermediate that can be generated in biological environments, detailing the fundamental properties of each reactive intermediate. Readers gain a contemporary understanding of how these intermediates react with different compounds, with an emphasis on amino acids, peptides, and proteins. The author not only sets forth the basic chemistry and nature of reactive intermediates, he also demon

- Sommario/riassunto** L'ouvrage évoque la figure de Morcos Fahmy, à travers la biographie que sa propre fille a rédigée. Le récit, reconstitution d'une carrière mêlée de souvenirs personnels et d'hommages, retrace la vie d'un avocat, de confession copte, membre du barreau durant l'entre-deux-guerres. Il reprend les principaux moments d'une existence, avec ses hauteurs et ses dépressions. Il met en relief le côté professionnel, les nombreuses affaires dont l'avocat s'est occupé, les causes qu'il a défendues. Il présente aussi l'engagement politique au lendemain de la première guerre mondiale, sans que cela débouche sur une affiliation

partisane. Il dégage enfin le réformisme social d'un homme préoccupé du statut de la femme en Orient, comme de la pénalité de l'adultère. À travers l'étude d'un cas, se reconstituent moins une époque ou une société que des jeux d'influence entre individus, groupes, forces ; les interconnexions entre le juridique (civil et pénal), le politique, le social et le religieux ; les effets de miroirs entre passé et présent, personnage et portrait ou sujet et récitant. Ainsi une histoire individuelle s'inscrit-elle dans une histoire nationale...
