China and Japan: approaches to domestic and transnational terrorism
-- Teaching suggestions.

Sommario/riassunto

This book is the complete guide to understanding the structure of homeland security - its underlying law and policy. Created from a broad and in depth, yet edited collection of statutes, policy papers, presidential directives, and other documents, it cultivates a detailed understanding of the foundations of homeland security. It is arranged in a topic-by-topic format structured to include only the documents and statues that affect a particular subject, making for much easier understanding. Thus, the chapter on FEMA contains only the portions of the statutes and other documents that relate to F
