Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	2204-2482. Refereed/Peer-reviewed
Sommario/riassunto	This journal focusses on research into philosophy with school-aged children. What was once called Philosophy for/with Children (P4C) has developed into a sub-discipline of philosophy with its own history, traditions and pedagogy incorporating philosophical inquiry in the classroom and Socratic dialogue, particularly through the Community of Inquiry (CoI) methodology.
