Lingua di pubblicazione	Francese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	The ACoSt website is hosted by the University of Lille, Department of Humanities and Social Sciences. Refereed/Peer-reviewed
Sommario/riassunto	"Les Carnets de l'ACoSt, the journal of the Association for Coroplastics Studies, is designed to promote research on coroplastics material, or sculptural objects made in clay, from all regions and all periods. This is accomplished by the rapid publication of the coroplastics research of specialists, young scholars, and those new to the field of coroplastics studies. The word coroplastics comes from the Greek koroplastes that means modeler of images in clay."
