| Sommario/riassunto | In this New York Times bestseller, David Limbaugh exposes the liberal hypocrisy of promoting political correctness while discriminating against Christianity. From the elimination of school prayer to the eradication of the story of Christianity from history textbooks, this persuasive book shows that our social engineers inculcate hostility |

toward this religion and its values in the name of "diversity," "tolerance," and "multiculturalism." Through court cases, case studies, and true stories, Limbaugh details the widespread assault on the religious liberties of Christians in America today and urges believers to fight back in order to restore their First Amendment right of religious freedom.
