Sommario/riassunto	<p>The ESSCIRC conference is collocated with the ESSDERC conference at the same time The aim of ESSCIRC is to provide an annual European forum for the presentation and discussion of recent advances in solid state devices and circuits The increasing level of integration for system on chip design made available by advances in silicon technology is, more than ever before, calling for a deeper interaction among technologists, device experts, IC designers, and system designers While keeping separate Technical Program Committees, ESSCIRC and ESSDERC are governed by a common Steering Committee and share Plenary Keynote Presentations and Joint Sessions bridging both communities Attendees registered for either conference are encouraged to attend any of the scheduled parallel sessions, regardless to which conference they belong.</p>
