   Sommario/riassunto Annotation This annual international conference is a scientific forum
                       for professionals and scientists involved in performance evaluation of
                       computer and telecommunication systems Performance evaluation of
                       computer systems and networks has progressed rapidly in the past
                       decade and has begun to approach maturity Significant progress has
                       been made in analytic modeling, simulation, and measurement
                       approaches for performance evaluation of computer and
                       telecommunication systems.
