| Sommario/riassunto      | In an age of terrorism and securitized immigration, dual citizenship is of central concern. The contributors to this timely volume examine policies regarding dual citizenship across Europe, covering a wide spectrum of countries. The case studies explore the negotiated character and boundaries of political membership and the fundamental beliefs and arguments which have shaped debates and policies on                                                                                                                                                                                                                                                                                                                              |

| Sommario/riassunto      | La FAO considera la igualdad de género como un elemento central que le permite cumplir con su mandato de alcanzar la seguridad alimentaria para todos y todas a través de mejorar los niveles de nutrición, optimizar la productividad agrícola y el manejo de recursos naturales, así como mejorar los niveles de vida de la población rural. La FAO podrá alcanzar sus objetivos siempre y cuando trabaje de manera simultánea por la equidad de género y apoye los diferentes papeles que juegan las mujeres en la agricultura y el desarrollo rural. |
