

1. Record Nr.	UNINA9910135889903321
Titolo	IEEE Std 1333-1994: : IEEE Guide for Installation of Cable Using the Guided Boring Method // IEEE
Pubbl/distr/stampa	[Place of publication not identified] : , : IEEE, , 1995
ISBN	0-7381-0810-3
Descrizione fisica	1 online resource
Disciplina	624.1774
Soggetti	Cables - Standards Electric cable sheathing - Standards
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	In this IEEE standard the method and equipment involved in proper and economical installation of insulated conductors and/or conduits using the guided boring method are covered. The method addresses installations of insulated cable, cable preinstalled in conduit (CIC), and conduit alone.
