Is Phenomenology a Family Resemblance Term?: Tom Sparrow -- Chapter 16. The Slow Death of Phenomenology: Paul J. Ennis -- Chapter 17. Have Reports of Phenomenology's Death Been Greatly Exaggerated?: Bruce Ellis Benson -- Index.

Sommario/riassunto

This volume illustrates the relevance of phenomenology to a range of contemporary concerns. Displaying both the epistemological rigor of classical phenomenology and the empirical analysis of more recent versions, its chapters discuss a wide range of issues from justice and value to embodiment and affectivity. The authors draw on analytic, continental, and pragmatic resources to demonstrate how phenomenology is an important resource for questions of personal existence and social life. The book concludes by considering how the future of phenomenology relates to contemporary philosophy and related academic fields.
