

1. Record Nr.	UNINA9910136044303321
Titolo	IRE standards on navigation aids : direction finder measurements, 1959
Pubbl/distr/stampa	New York : , : IEEE, , 1959
ISBN	0-7381-4387-1
Descrizione fisica	1 online resource (325 pages)
Disciplina	537.534
Soggetti	Radio navigation Radiofrequency spectroscopy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	Describes the standardisation of measurement methods and procedures to enable the determination of a direction finder's (DF) characteristics which will permit analysis of DF performance in a uniform manner. Standard test conditions are given and test equipment is discussed. Direction finder sensitivity and system accuracy measurements are discussed, and time requirements and interference are considered.
