Pubbl/distr/stampa	[Taipei], : Directorate-General of Budget, Accounting & Statistics, Executive Yuan, the Republic of China
Descrizione fisica	1 online resource
Disciplina	315.1/249
Soggetti	Estatística - Formosa Conditions économiques Données statistiques Mensuels Statistique nationale Economic history Periodicals. Statistics. Taiwan Statistics Periodicals Taiwan Economic conditions Periodicals Taiwan CHINA ESTADISTICAS PUBLICACIONES PERIODICAS
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Title varies slightly.

3. Record Nr.	UNINA9910136138203321
Autore	Silverman Jerald
Titolo	Managing the laboratory animal facility // Jerald Silverman
Pubbl/distr/stampa	Boca Raton : , : CRC Press, Taylor & Francis, , [2017] ©2017
ISBN	1-315-35204-4 1-315-36905-2 1-4987-4279-3
Edizione	[Third edition.]
Descrizione fisica	1 online resource (420 pages) : illustrations
Disciplina	636.088/5
Soggetti	Laboratories Laboratory animals Animals, Laboratory Laboratory Animal Science
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The basics of managing a laboratory animal facility -- The organizational environment -- The management of human resources -- Managing financial resources -- Management of information resources -- Time management -- Leadership.
Sommario/riassunto	The thrust of Managing the Laboratory Animal Facilities, beginning with the first edition, has been a focus on basic management skills (planning, directing, decision making, organizing, controlling), how they integrate, and how they are used to effect a positive and productive work environment. This philosophy continues into the third edition, keeping management "tactics" down to a minimum. A launching pad to providing high-quality management of laboratory animal facilities in a financially sound manner, Managing the Laboratory Animal Facility, Third Edition continues to provide a basic understanding of management and leadership concepts in a laboratory animal science environment.
