Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	An imperial environment -- Environmental nationalism -- An environmental history of decolonization -- Peron's Antarctic dream -- Antarctic detente -- Preserving power.
Sommario/riassunto	'Frozen Empires' is a study of the ways in which imperial powers (American, European, and South American) have used and continue to use the environment and the value of scientific research to support their political claims in the Antarctic Peninsula region. In making a case for imperial continuity, this book offers a new perspective on Antarctic history and on global environmental politics more broadly.
