Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The nexus between global and local governance -- Grassroots global governance : theory & process -- Ecuadorian watershed management reform in context -- Phase 1 : national network activation -- Local legacies of national network activation -- Phase 2 : why local IWM campaigns endure --Local experimentation in Tungurahua -- Phase 3 : global impacts of local experiments -- Conclusion : rethinking global governance -- Methodological appendix.
Sommario/riassunto	To address global problems like climate change, transnational networks promote 'best practices' locally around the world. 'Grassroots Global Governance' explains the variations in their success levels and why implementing these 'global ideas' locally causes them to evolve at the

international level.
