Sommario/riassunto	Much like Gardner's Multiple Intelligences, Maulding-Green and Leonard have, in Leadership Intelligence: The Journey to Your True North, postulated a theory regarding the age old question, 'are leaders born or are leaders made?' This theory is predicated on the idea that there is a genetic predisposition toward leadership via the vehicle of imprinting. The five critical factors which undergird the tenets of Leadership Intelligence, are delineated and developed through the lens of the soft skills of a leader. There is further clarification as to why some leaders seem to have 'a greater intensit
