Note generali	Description based upon print version of record.
Nota di contenuto	Foreword; The Inner World of Thoughts; The Outer World of Things; Habit: its Slavery and its Freedom; Bodily Conditions; Poverty; Man's Spiritual Dominion; Conquest: Not Resignation
Sommario/riassunto	The problem of life consists in learning how to live. It is like the problem of addition or subtraction to the schoolboy. When mastered, all difficulty disappears, and the problem has vanished. All the problems of life, whether they be social, political, or religious, subsist in ignorance and wrong-living. As they are solved in the heart of each individual, they will be solved in the mass of men.
