

1. Record Nr.	UNINA9910136520303321
Autore	Pyle Howard
Titolo	Legends and stories of King Arthur ; : The story of King Arthur and his knights ; The story of the champions of the round table ; The story of Sir Launcelot and his companions ; The story of the grail and the passing of Arthur / / by Howard Pyle
Pubbl/distr/stampa	[Lanham] : , : Dancing Unicorn Books, , [2016]
ISBN	1-5154-0945-7
Descrizione fisica	1 online resource (1013 p.)
Altri autori (Persone)	PyleHoward
Soggetti	Arthur, King Arthurian romances Knights and knighthood Kings and rulers
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di contenuto	The Story of King Arthur and His Knights; The Book of King Arthur; Foreword; Prologue; Part I: The Winning of Kingdom; Chapter First; Chapter Second; Chapter Third; Conclusion; Part II: The Winning of a Sword; Chapter First; Chapter Second; Chapter Third; Part III: The Winning of a Queen; Chapter First; Chapter Second; Chapter Third; Chapter Fourth; Chapter Fifth; Chapter Sixth; Conclusion; The Book of Three Worthies; Foreword; Prologue; Part I: The Story of Merlin; Chapter First; Chapter Second; Chapter Third; Chapter Fourth; Conclusion; Part II: The Story of Sir Pellias; Chapter First Chapter SecondChapter Third; Chapter Fourth; Chapter Fifth; Chapter Sixth; Part III: The Story of Sir Gawaine; Chapter First; Chapter Second; Chapter Third; Conclusion; The Story of the Champions of the Round Table; Foreword; The Story of Launcelot; Prologue; Chapter First; Chapter Second; Chapter Third; Chapter Fourth; Chapter Fifth; Chapter Sixth; Chapter Seventh; Chapter Eighth; Conclusion; The Book of Sir Tristram; Prologue; Part I: The Story of Sir Tristram and the Lady Belle Isoult; Chapter First; Chapter Second; Chapter Third; Chapter Fourth; Chapter Fifth; Chapter Sixth

Chapter SeventhPart II: The Story of Sir Tristram and Sir Lamorack;
Chapter First; Chapter Second; Chapter Third; Part III: The Madness of
Sir Tristram; Chapter First; Chapter Second; Chapter Third; Chapter
Fourth; The Book of Sir Percival; Prologue; Chapter First; Chapter
Second; Chapter Third; Chapter Fourth; Chapter Fifth; Conclusion; The
Story of Sir Launcelot and His Companions; Foreword; Prologue; Part I:
The Chevalier of the Cart; Chapter First; Chapter Second; Chapter Third;
Part II: The Story of Sir Gareth of Orkney; Chapter First; Chapter Second;
Chapter Third; Chapter Fourth
Chapter FifthPart III: The Story of Sir Launcelot and Elaine the Fair;
Chapter First; Chapter Second; Chapter Third; Chapter Fourth; Chapter
Fifth; Chapter Sixth; Part IV: The Madness of Sir Launcelot; Chapter
First; Chapter Second; Chapter Third; Part V: The Story of Sir Ewaine
and the Lady of the Fountain; Chapter First; Chapter Second; Chapter
Third; Chapter Fourth; Chapter Fifth; Part VI: The Return of Sir
Launcelot; Chapter First; Chapter Second; Chapter Third; Conclusion;
Part VII: The Nativity of Galahad; Chapter First; Chapter Second; The
Story of the Grail and the Passing of Arthur
ForewordPrologue; Part I: The Story of Sir Geraint; Chapter First;
Chapter Second; Chapter Third; Chapter Fourth; Chapter Fifth; Chapter
Sixth; Conclusion; Part II: The Story of Sir Galahad; Chapter First;
Chapter Second; Chapter Third; Chapter Fourth; Chapter Fifth; Chapter
Sixth; Chapter Seventh; Conclusion; Part III: The Passing of Arthur;
Chapter First; Chapter Second; Chapter Third; Chapter Fourth; Chapter
Fifth; Chapter Sixth; Chapter Seventh; Chapter Eighth; Chapter Ninth;
Chapter Tenth; Conclusion

Sommario/riassunto

King Arthur and his court come to life in this four volume omnibus of Howard Pyles 'Legends and Stories of King Arthur.' Included herein are 'The Story of King Arthur and His Knights,' 'The Story of the Champions of the Round Table,' 'The Story of Sir Launcelot and His Companions,' and 'The Story of the Grail and the Passing of Arthur.' Hours upon hours of enchanted adventures for the whole family.

2. Record Nr.	UNINA9910300152603321
Autore	Mursaleen M
Titolo	Applied Summability Methods / / by M. Mursaleen
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2014
ISBN	3-319-04609-8
Edizione	[1st ed. 2014.]
Descrizione fisica	1 online resource (129 pages) : illustrations, tables
Collana	SpringerBriefs in Mathematics, , 2191-8198
Disciplina	515.243
Soggetti	Sequences (Mathematics) Number theory Matrix theory Algebra Sequences, Series, Summability Number Theory Linear and Multilinear Algebras, Matrix Theory
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Toeplitz Matrices -- Lambert Summability and the Prime Number Theorem -- Summability Tests for Singular Points -- Lototski Summability and Analytic Continuation -- Summability Methods for Random Variables -- Almost Summability -- Almost Summability of Taylor Series -- Matrix Summability of Fourier and Walsh-Fourier Series -- Almost Convergence in Approximation Process -- Statistical Summability -- Statistical Approximation -- Applications to fixed point theorems -- Bibliography -- Index.
Sommario/riassunto	This short monograph is the first book to focus exclusively on the study of summability methods, which have become active areas of research in recent years. The book provides basic definitions of sequence spaces, matrix transformations, regular matrices and some special matrices, making the material accessible to mathematicians who are new to the subject. Among the core items covered are the proof of the Prime Number Theorem using Lambert's summability and Wiener's Tauberian theorem, some results on summability tests for singular points of an analytic function, and analytic continuation

through Lototski summability. Almost summability is introduced to prove Korovkin-type approximation theorems and the last chapters feature statistical summability, statistical approximation, and some applications of summability methods in fixed point theorems.
