Sommario/riassunto	"The Chief Black Eunuch, appointed personally by the Sultan, had both the ear of the leader of a vast Islamic Empire and held power over a network of spies and informers, including eunuchs and slaves throughout Constantinople and beyond. The story of these remarkable individuals, who rose from difficult beginnings to become amongst the most powerful people in the Ottoman Empire, is rarely told. George

Junne places their stories in the context of the wider history of African slavery, and places them at the centre of Ottoman history. *The Black Eunuchs of the Ottoman Empire* marks a new direction in the study of courtly politics and power in Constantinople."--Bloomsbury Publishing.
