Sommario/riassunto	For courses in business mathematics, personal finance, or small business management. Business Math Brief, Tenth Edition unlocks the world of math by showing how it is used in the business world. Written in a conversational style, the book covers essential topics such as banking, interest, insurance, taxes, depreciation, and inventory. It carefully explains common business practices such as markup, markdown, and cash discounts-showing students how these tools work in small business or personal finance. Authors encourage self-starters from the beginning, with the review of basic math, annotated examples, stop and check exercises, skill builders and application exercises. This edition includes updated problem sets, new trends and laws, and the one-of-a-kind MyMathLab website.

Sommario/riassunto	The Arabic-Ethiopic Glossary by al-Malik al-Afal by Maria Bulakh and Leonid Kogan is a detailed annotated edition of a unique monument of Late Medieval Arabic lexicography, comprising 475 Arabic lexemes (some of them post-classical Yemeni dialectisms) translated into several Ethiopian idioms and put down in Arabic letters in a late-fourteenth century manuscript from a codex in a private Yemeni collection. For the many languages involved, the Glossary provides the earliest written records, by several centuries pre-dating the most ancient attestations known so far. The edition, preceded by a comprehensive linguistic introduction, gives a full account of the comparative material from all known Ethiopian Semitic languages. A detailed index ensures the reader's orientation in the lexical treasures revealed from the Glossary.

Sommario/riassunto	The book is expressly written for the young minds because they are our best hope for a safer tomorrow. The book is profusely illustrated, as it offers a joyride to the world of the whole range of hazards through simplified teaching-learning process, with less of teaching and more of learning. This is because most readers would love to learn without actually being taught. The book is designed to take advantage of distilled wisdom of centuries to inspire and enlighten the common man to turn them into prime movers of safer societies. Senior citizens, community leaders, self-trained disaster managers, social workers, media personnel, bureaucrats and those averse to the very thought of reading will also find the book useful as it is illustrative and inviting.
