Sommario/riassunto	<p>More than thousand people have taken our scientific companion quiz! Discover your child's Spirit Bird - and your own! If you were a bird, what bird would you be? Do you sing all day long like a Northern Cardinal, or are you happier socializing like a goldfinch? Find out in <i>Am I Like You?</i>, the story of a mother and son discovering themselves on a nature walk! They happen upon different birds along the trail, each with their own unique personality traits and behaviors and consider which one they feel most like. This is a journey of self-discovery proving we may not have feathers, but we aren't so different from birds after all! From renowned birding author, Laura Erickson and the Cornell Lab Publishing Group's very own President and author, Brian Scott Sockin, <i>Am I Like You?</i> is a wonderful new picture book empowering parents and children to explore the world of birds together. Readers are encouraged to go online to www.AmILikeYou.com to find out what bird they are most like (a scientific quiz developed with the Cornell Lab of Ornithology! Quiz: www.amilikyou.com) 35% of the net proceeds from the sale of <i>Am I Like You?</i> goes directly to the Cornell Lab to support projects such as children's educational and community programs, as with all Cornell Lab Publishing Group books.</p>
