Sommario/riassunto	<p>Book II in the Darkest Powers trilogy takes us deeper into a world where the supernatural intrudes on the everyday with riveting effect. If you had met me a few weeks ago, you probably would have described me as an average teenage girl - someone normal. Now my life has changed forever and I'm as far away from normal as it gets. A living science experiment - not only can I see ghosts, but I was genetically altered by a group of people who call themselves The Edison Group. What does that mean? For starters, I'm a teenage necromancer whose powers are out of control: I raise the dead without even trying. Trust me, that is not a power you want to have. Ever. I'm running for my life with three of my supernatural friends - a charming sorcerer, a cynical werewolf, and a disgruntled witch - and we have to find someone who can help us gain our freedom back before The Edison Group finds us first. Or die trying.</p>
