Apartheid South Africa -- Part 4. Low-Information Countries -- 18:
Growth and Poverty in the Democratic Republic of Congo: 2001
through 2013.

Sommario/riassunto

While the economic growth renaissance in sub-Saharan Africa is widely recognised, much less is known about progress in living conditions. This book evaluates trends in living conditions in 16 major sub-Saharan African countries, corresponding to nearly 75% of the total population.
